## KEY PROJECTS

- **HRM** - A suite of software that organizations use to manage internal HR functions. From employee data management to payroll, recruitment, benefits, training, talent management, employee engagement, and employee attendance, HRMS software helps HR professionals manage the modern workforce
- **Jesta** -The project serves both patients and doctors, providing a wide range of features. Patients can easily find nearby hospitals and doctors, helping them choose the most suitable healthcare professionals. The platform includes doctors specializing in various diseases, enabling seamless consultations. Patients can conveniently schedule video, audio, or chat appointments with doctors. Moreover, the app allows patients to download prescriptions and share feedback and reviews for doctors and hospitals.  
Android - <https://play.google.com/store/apps/details?id=com.tt.jesta>
- **Expo Lead** - The "Expo Lead App" is a comprehensive and user-friendly mobile application built using the Expo framework and React Native. The app is designed to assist users in efficiently managing leads and contacts, categorizing them based on

their level of engagement and potential interest. It offers a seamless experience for lead management and synchronization even when offline.

Android - <https://play.google.com/store/apps/details?id=com.tt.expolead>

- **Drona** - The ultimate tuition app where tutors connect with students effortlessly. Showcase your expertise, schedule classes, and engage in online demo calls. Our location tracking feature ensures local connections for personalized learning. Clients discover expert tutors, schedule classes, and connect through secure and user-friendly features.
- **Urban Wallah**- The streamlined e-commerce app, offering a user-friendly experience on React Native for mobile apps. Vendors easily register, upload products, and await admin approval. The app features a robust coupon system for promotions, with options for offline affiliations. With diverse marketplaces like student and farmer sections, users can effortlessly create and list ads. Urban Wallah: Your simple, efficient, and innovative solution for seamless online shopping.

## EDUCATION
